*Jim Simon,*

Many thanks for the excellent service and ready assistance in constructing the website for RLS Ltd. Thank you also for having the patience to explain to me the different approaches and nuances of website design etc. The personal service you provided in constructing the site and its graphics, plus taking away all the hassle of domains and email addresses was invaluable.

Toucan provided me with a website up and running in remarkably quick time and more importantly were prepared to take on board my comments and requests without any fuss.

As a result I now have a website that not only am I very proud of but which has already drawn admiring comments from other business colleagues and contacts.

I would have no hesitation in recommending your services to other people; indeed I have already done so.

Many thanks
